shad is a 5-year-old child. A talented soccer player who plays with the left foot. He lives in the Kurdistan region of Iraq. He suffers because he does not have a football school or academy. He has no interest from any side. And his dream is a future professional player in Europe. He loves Ronaldo and Hazard. He is a fan of Real Madrid and Paris Saint-Germain. And he has many ambitions...

Shad Lavo Zebari is currently at Galatasaray Academy in Erbil, Iraq. And his performance is developing day by day, as he plays with his right and left legs. Currently, he excels and plays with children older than him, winning many titles and awards. But he wants to play in a European football school. I hope one of the European club schools and academies will accept this young star. And achieve his dream

# Skylar & Hailey DeEll

Our names are Skylar and Hailey and we are seven years old. A fun fact about us is that we are twins! We both have a huge passion for playing softball. We've been playing for the past three years and enjoy every minute of it! We have been fortunate to have an amazing coach this year who has taught us about the importance of sportsmanship and having a growth mindset on and off the field. We both have accomplished our goal of hitting the ball without a tee and are so proud of each other! Both of us also do dance and gymnastics, where we always strive to be our very best selves!

I, Skylar, have a big dream! I hope to be a teacher just like my mommy because I love school!

I, Hailey, love drawing and creating art! When I grow up I want to be an Art teacher!

Together we hope to make a difference!
