I have been playing football since I could walk with my older brother, playing in the back garden.

At age 4 I started mini kickers at my brothers club Marston Green F.C and singed for Marston Under 7's around a year later scoring 72 goals in my first season playing as striker.

I got scouted by Aston Villa F.C in the quarter finals in the Cup in my first season. I got invited to train with Villa Academy Under 7's for two months and was a really good experience training at Villa's training ground. I knew from my first session at Villa I had to step up my game.

I also got scouted By West Bromwich Albion F.C in the Cup Final in my first season and got invited to train with the Under 7's pre-season soon after.

I am currently playing for my club Marston Green Under 8's which I really enjoy and also training with West Bromwich Albion Academy Under 8's Which I really enjoy too.

To date I have scored over 100 goals for my club Marston. I have also played in games for West Bromwich Albion Academy against grassroots teams scoring in games and leaning a lot too.

My dream is to play for Liverpool F.C one day, the team I support. YNWA

I am grateful to have had the opportunity to play at academy clubs and thankful to all the coaches for the training which is helping me develop.

This season I've spent time playing at various places with most my time For Walsall Academy and my Sunday team Halesowen Town Colts.

I have also played games for both Birmingham City and Coventry City.

I've been lucky enough to visit some amazing grounds including Man City and Arsenal away aswell as a great evening playing against my favourite team Wolverhampton Wanderers.

I've spent most my time playing against older lads and have always loved the challenge.

One day my dream is to be a premier league number 9.

By big brother Archie spends hours training and pushing me and he himself plays at Kidderminster Harriers.

In the future I plan to continue working hard and one day make that number 9 dream happen.

My dreams and goals.

My present goal is to train as much as I can work as hard as I can and be the best I can be, for myself and my team. Always smile and enjoy the great game.

My future dream and goal would be to be signed as a professional goalkeeper. What ever level this is at I don't mind as long as I can do what I love and hopefully help others as much as I can. I know this dream is big and will take alot of hard work but what dream isn't hard?

In the way future once retired My dream would be still to be involved in football in some way whether that is managing a team or coaching young goalkeepers or even a football pundit. As long as I'm still part of the beautiful game I will be happy.

Ishmael Rosario

My name is Ishmael Rosario better known as Ishy. I have played soccer since I was 5 years old. I came to love the sport at the age of 7. Since that moment I am determined to be the best soccer player I can be, for my team, friends and especially my family. I'm working on becoming the best version of myself to make my dreams a reality and become a professional soccer player. One day I will play for Barcelona, which is my dream team. I currently play

for the Pa Classics Travel Team. As their striker my greatest asset as a player is scoring, dribbling and passing. My favorite subject in school is math. I also enjoy art class. My family motto is "Hard work, dedication, we don't quit till we win, failure is success and when we dream we dream big."

I have Always had a dream of being able to play football as a full time job, I work my socks off training 4 times a week and play games once or twice a week.

My goal is one day to be able to make my family proud and be able to earn a living from doing the sport I love.

I was asked to train with Peterborough pre academy a little while ago which is a big achievement for me, and a big step in

to getting into an academy to eventually achieve my goal.

I practice my game around Andrea Pirlo, I try to stay disciplined & I know it's not all about scoring goals but creating them also, I love setting my team mates up for goals and showing off the skills I have been practicing for the past 5 years.

One day I will make it, remember the name.

Mat Zogi Shala

I am a 12 year old who has always dreamt of being a goalkeeper and I hope that this will soon become a reality. Having to do well in school and keep up my physical fitness has always been a challenge, and it can sometimes be very difficult to strike a balance between the two, but I am somebody who is very disciplined and is able to keep up with both my academics and football. Growing up in Camden and not coming from the most affluent of backgrounds immediately

puts me at a disadvantage to other players. However, I will not let this stop me and I hope to become a professional goalkeeper so I can be living proof of the fact that if you work hard, you can achieve anything you want to achieve. I hope to be an inspiration to many who feel as though they have been dealt the short straw in life and I will continue to work as hard as I do now so I can fulfil this hope.
